Requirements: Verify with the rental property that they are a current GoPromo member that is participating in the Apartment Rebate Program. When visiting a community, you or your leasing agent must put in writing on the Guest Card that you have used a GoPromo source to find your new apartment. Without this written documentation you will lose your ability to collect any rebates. \$100 rebate is paid on a 12 month lease, short term leases are pro-rated. You must submit your rebate claim within 90 days of moving into your new apartment home and your name must appear on the lease agreement as a leaseholder. You must sign a new lease at a property you found using a GoPromo source. A rebate check will not be granted for renewing an existing lease or moving into a new apartment within the same community. If you (or anyone leasing with you) have signed a previous lease agreement you will not qualify to receive the rebate. If you found the property using services or persons other than a GoPromo source with the guest card as proof, you will not qualify to receive the rebate. Only one rebate will be granted per lease signed. If different co-signers of the same lease submit separate claim forms requesting a rebate, it will be divided equally. If the leasing agent fails to follow the instructions below, please call: (616) 464-0363

Leasing Staff: GoPromo was hired to generate traffic and leases for your community. GoPromo must be noted as the source on the guest card in accordance with our agreement with your company. The prospects are entitled to any current move-in specials, discount rents, etc. as outlined in our agreement, plus the Apartment Rebate from GoPromo.
